

City of Robbinsdale 2012 City Licensed Plumbing Contractors

*PLEASE NOTE that City contractor license renewals can be done at any time during the calendar year therefore most contractors wait to renew their City license until they receive a job contract from a resident or business. If you do not see a particular contractor on the following list, it may simply mean that this is the case. Therefore, you may also want to refer to our list of **2011 City Licensed Plumbing Contractors** also available on our website. Although contractors have met the City's licensing requirements, they do not actually work for the City of Robbinsdale and therefore should be considered as independent contractors. An independent contractor is a person, business, or corporation that provides goods or services to another entity under terms specified in a contract or within a verbal agreement. The City of Robbinsdale does not guarantee the following contractors' work performance nor recommend their services. Therefore, the City of Robbinsdale shall not be held liable or responsible for any event that takes place between these contractors and its customers.
